

5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

**Page:** 1

Compilation date: 18/08/2020

Revision date: 13/02/2023

Revision No: 2

## Section 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product name: 5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

CAS number: 151276-15-2

Product code: PC303143

1.2. Relevant identified uses of the substance or mixture and uses advised against

# 1.3. Details of the supplier of the safety data sheet

Company name: Apollo Scientific Itd

Units 3 & 4 Parkway Denton Manchester M34 3SG UK Tel: 01616411420

Email: alan.myers@apolloscientific.co.uk

1.4. Emergency telephone number

Emergency tel: -

# Section 2: Hazards identification

# 2.1. Classification of the substance or mixture Classification under CLP: Acute Tox. 3: H301; Acute Tox. 4: H312; STOT SE 3: H335; Eye Irrit. 2: H319; Skin Irrit. 2: H315 Most important adverse effects: Toxic if swallowed. Harmful in contact with skin. Causes skin irritation. Causes serious

eye irritation. May cause respiratory irritation.

## 2.2. Label elements

# Label elements:

Hazard statements: H301: Toxic if swallowed.

H312: Harmful in contact with skin.

H315: Causes skin irritation.

# 5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

|                           | H319: Causes serious eye irritation.  |
|---------------------------|---|
|                           | H335: May cause respiratory irritation.   |
| Hazard pictograms:        | GHS06: Skull and crossbones   |
|                           |   |
| Signal words:             | Danger  |
| Precautionary statements: | P280: Wear protective gloves/protective clothing/eye protection/face protection.    |
|                           | P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove |
|                           | contact lenses, if present and easy to do. Continue rinsing.                        |

2.3. Other hazards

**PBT:** This product is not identified as a PBT/vPvB substance.

# Section 3: Composition/information on ingredients

# 3.1. Substances

# Chemical identity: 5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

CAS number: 151276-15-2

# Section 4: First aid measures

| 4.1. Description of first aid mean | 4.1. Description of first aid measures   |       |  |
|------------------------------------|--|-------|--|
| Skin contact:                      | Remove all contaminated clothes and footwear immediately unless stuck to skin. Wash            |       |  |
|                                    | immediately with plenty of soap and water. Consult a doctor.                                   |       |  |
| Eye contact:                       | Bathe the eye with running water for 15 minutes. Consult a doctor.                             |       |  |
| Ingestion:                         | n: Wash out mouth with water. Do not induce vomiting. If conscious, give half a litre of water |       |  |
|                                    | to drink immediately. If unconscious, check for breathing and apply artificial respiration if  |       |  |
|                                    | necessary. If unconscious and breathing is OK, place in the recovery position. Transfer        |       |  |
|                                    | to hospital as soon as possible.   |       |  |
| Inhalation:                        | Remove casualty from exposure ensuring one's own safety whilst doing so. If                    |       |  |
|                                    | unconscious and breathing is OK, place in the recovery position. If breathing becomes          |       |  |
|                                    | bubbly, have the casualty sit and provide oxygen if available. Transfer to hospital as soon    |       |  |
|                                    | as possible.   |       |  |
| 4.2. Most important symptoms a     | and effects, both acute and delayed  |       |  |
| Skin contact:                      | There may be mild irritation at the site of contact.   |       |  |
| Eye contact:                       | There may be irritation and redness.   |       |  |
| Ingestion:                         | There may be soreness and redness of the mouth and throat. Inhalation of fumes from            |       |  |
|                                    | the stomach may cause symptoms similar to direct inhalation.                                   |       |  |
| Inhalation:                        | There may be shortness of breath with a burning sensation in the throat. Exposure may          |       |  |
|                                    | cause coughing or wheezing. Drowsiness or mental confusion may occur. Convulsions              |       |  |
|                                    | may occur. There may be loss of consciousness.   |       |  |
|                                    |  | ont 1 |  |

# 5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

|                                    |  | Page: | 3 |
|------------------------------------|--|-------|---|
| Delayed / immediate effects:       | Immediate effects can be expected after short-term exposure.                             |       |   |
| 4.3. Indication of any immediate   | medical attention and special treatment needed   |       |   |
| Immediate / special treatment:     | Immediate medical attention is required. Show this safety data sheet to the doctor in    |       |   |
|                                    | attendance.  |       |   |
| Section 5: Fire-fighting measure   | es   |       |   |
| 5.1. Extinguishing media           |  |       |   |
| Extinguishing media:               | Carbon dioxide, dry chemical powder, foam. Suitable extinguishing media for the          |       |   |
|                                    | surrounding fire should be used. Use water spray to cool containers.                     |       |   |
| 5.2. Special hazards arising from  | n the substance or mixture   |       |   |
| Exposure hazards:                  | Toxic. In combustion emits toxic fumes of carbon dioxide / carbon monoxide. Nitrogen     |       |   |
|                                    | oxides (NOx). Hydrogen fluoride (HF).  |       |   |
| 5.3. Advice for fire-fighters      |  |       |   |
| Advice for fire-fighters:          | Wear self-contained breathing apparatus. Wear protective clothing to prevent contact     |       |   |
|                                    | with skin and eyes.  |       |   |
| Section 6: Accidental release m    | easures  |       |   |
| 6.1. Personal precautions, prote   | ective equipment and emergency procedures  |       |   |
| Personal precautions:              | Notify the police and fire brigade immediately. If outside keep bystanders upwind and    |       |   |
|                                    | away from danger point. Mark out the contaminated area with signs and prevent access     |       |   |
|                                    | to unauthorised personnel. Do not attempt to take action without suitable protective     |       |   |
|                                    | clothing - see section 8 of SDS. Turn leaking containers leak-side up to prevent the     |       |   |
|                                    | escape of liquid.  |       | _ |
| 6.2. Environmental precautions     |  |       |   |
| Environmental precautions:         | Do not discharge into drains or rivers. Alert the neighbourhood to the presence of fumes |       |   |
|                                    | or gas.  |       | _ |
| 6.3. Methods and material for co   | ontainment and cleaning up   |       |   |
| Clean-up procedures:               | Clean-up should be dealt with only by qualified personnel familiar with the specific     |       |   |
|                                    | substance. Absorb into dry earth or sand. Transfer to a closable, labelled salvage       |       |   |
|                                    | container for disposal by an appropriate method.   |       |   |
| 6.4. Reference to other sections   |  |       |   |
| Reference to other sections:       | Refer to section 8 of SDS.   |       |   |
| Section 7: Handling and storage    | 9  |       |   |
| 7.1. Precautions for safe handling | ng   |       |   |

Handling requirements: Ensure there is exhaust ventilation of the area. Do not handle in a confined space. Only

use in fume hood.

## 5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

# 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Store in a cool, well ventilated area. Keep container tightly closed.

**Suitable packaging:** Must only be kept in original packaging.

#### 7.3. Specific end use(s)

Specific end use(s): No data available.

# Section 8: Exposure controls/personal protection

#### 8.1. Control parameters

Workplace exposure limits: No data available.

## **DNEL/PNEC** Values

DNEL / PNEC No data available.

8.2. Exposure controls

| Engineering measures:   | Ensure there is exhaust ventilation of the area.             |  |  |
|-------------------------|--|--|--|
| Respiratory protection: | Self-contained breathing apparatus must be used in handling. |  |  |
| Hand protection:        | Protective gloves.   |  |  |
| Eye protection:         | Safety glasses. Ensure eye bath is to hand.                  |  |  |
| Skin protection:        | Protective clothing.   |  |  |

#### Section 9: Physical and chemical properties

# 9.1. Information on basic physical and chemical properties

| State:                        | Liquid             |                              |                    |
|-------------------------------|--------------------|------------------------------|--------------------|
| Evaporation rate:             | No data available. |                              |                    |
| Oxidising:                    | No data available. |                              |                    |
| Solubility in water:          | No data available. |                              |                    |
| Boiling point/range°C:        | No data available. | Melting point/range°C:       | No data available. |
| Flammability limits %: lower: | No data available. | upper:                       | No data available. |
| Flash point°C:                | No data available. | Part.coeff. n-octanol/water: | No data available. |
| Autoflammability°C:           | No data available. | Vapour pressure:             | No data available. |
| Relative density:             | No data available. | pH:                          | No data available. |
| VOC g/l:                      | No data available. |                              |                    |

#### 9.2. Other information

Other information: No data available.

#### Section 10: Stability and reactivity

## 10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

Page: 4

## 5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

**Page:** 5

#### 10.2. Chemical stability

Chemical stability: Stable under normal conditions.

## 10.3. Possibility of hazardous reactions

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions.

Decomposition may occur on exposure to conditions or materials listed below.

## 10.4. Conditions to avoid

Conditions to avoid: Heat. Hot surfaces. Flames.

## 10.5. Incompatible materials

Materials to avoid: Strong oxidising agents. Strong acids.

## 10.6. Hazardous decomposition products

Haz. decomp. products: In combustion emits toxic fumes of carbon dioxide / carbon monoxide. Nitrogen oxides (NOx). Hydrogen fluoride (HF).

# Section 11: Toxicological information

# 11.1. Information on toxicological effects

#### Relevant hazards for product:

| Hazard                        | Route | Basis                 |
|-------------------------------|-------|-----------------------|
| Acute toxicity (ac. tox. 4)   | DRM   | Hazardous: calculated |
| Acute toxicity (ac. tox. 3)   | ING   | Hazardous: calculated |
| Skin corrosion/irritation     | DRM   | Hazardous: calculated |
| Serious eye damage/irritation | OPT   | Hazardous: calculated |
| STOT-single exposure          | INH   | Hazardous: calculated |

#### Symptoms / routes of exposure

Skin contact:There may be mild irritation at the site of contact.Eye contact:There may be irritation and redness.Ingestion:There may be soreness and redness of the mouth and throat. Inhalation of fumes from<br/>the stomach may cause symptoms similar to direct inhalation.Inhalation:There may be shortness of breath with a burning sensation in the throat. Exposure may<br/>cause coughing or wheezing. Drowsiness or mental confusion may occur. Convulsions<br/>may occur. There may be loss of consciousness.Delayed / immediate effects:Immediate effects can be expected after short-term exposure.

# Section 12: Ecological information

## 12.1. Toxicity

Ecotoxicity values: No data available.

## 5-METHYL-2-(TRIFLUOROMETHOXY)ANILINE

**Page:** 6

# 12.2. Persistence and degradability

Persistence and degradability: No data available.

#### 12.3. Bioaccumulative potential

Bioaccumulative potential: No data available.

#### 12.4. Mobility in soil

Mobility: No data available.

# 12.5. Results of PBT and vPvB assessment

PBT identification: This product is not identified as a PBT/vPvB substance.

#### 12.6. Other adverse effects

Other adverse effects: No data available.

# Section 13: Disposal considerations

#### 13.1. Waste treatment methods

| Disposal operations:   | Transfer to a suitable container and arrange for collection by specialised disposal   |
|------------------------|---|
|                        | company. MATERIAL SHOULD BE DISPOSED OF IN ACCORDANCE WITH LOCAL,                     |
|                        | STATE AND FEDERAL REGULATIONS   |
| Disposal of packaging: | Dispose of as special waste in compliance with local and national regulations Observe |
|                        | all federal, state and local environmental regulations.                               |
| NB:                    | The user's attention is drawn to the possible existence of regional or national       |
|                        | regulations regarding disposal.   |

## Section 14: Transport information

14.1. UN number

UN number: UN2810

14.2. UN proper shipping name

Shipping name: TOXIC LIQUID, ORGANIC, N.O.S.

# 14.3. Transport hazard class(es)

Transport class: 6.1

14.4. Packing group

Packing group: |||

14.5. Environmental hazards

#### Environmentally hazardous: No

Marine pollutant: No

14.6. Special precautions for user

Special precautions: No special precautions.

Tunnel code: E
